

FUNKTION-ONE

DS210

Comprising of 2 x 10" mid-hi cone drivers and 2 x 1" compression drivers (with Funktion-One's high HF crossover point for minimised distortion). This element of the Dance Stack produces unrivalled clarity and efficiency bringing the music closer than ever before.

Features:

- Visually imposing aesthetics
- Funktion One violet and silver finish
- Adjustable tilt angle to optimise coverage for the dancefloor
- Flying version available
- Can be specified with waveguides inverted for clubs with low ceiling heights causing the HF to be below head height

Driver	Usual Operating Band	Sensitivity (1W at 1m)	Power (rms)	Nominal Impedance
2 x 10"	227 - 5K99Hz	108dB	400W	8Ω
2 x 1"	5K55 - up	109dB	100W	8Ω

Please check website for latest system crossover settings
