

FUNKTION-ONE

MB112

The MB112 is Funktion-One's most compact bass enclosure. It makes a great bass extension to the F55 loudspeaker in applications including bars, restaurants and home studios. It consists of a single customised 12" loudspeaker driving a ported resonant chamber enclosure handling 250Watts and averaging 101dB sensitivity between 75Hz and 180Hz.

Drivers	Sensitivity (1W at 1m)	Power (rms)	Nominal Impedance
1 x 12"	101 dB	250W	8 Ohms

Frequency Response:	75Hz - 180Hz
Weight:	20kg (44lbs)
Construction:	15mm Birch Ply
Connectors:	2 x NL4 Speakon
